

Paddle Depacker-S

Compact size de-packaging solution

Function: Solves your waste problem by separating packaging from organic material. Reduces the volume of your waste and produces a clean organic product suitable for biogas installations.

Features Paddle Depacker Model S:

- Compact size
- Heavy duty execution
- Low maintenance design
- Variable screen sizes available
- 99% clean organic material
- Quick opening doors for easy cleaning
- Bolt free screen exchange
- Low installed power
- Stainless steel isolated splash shields for low noise operation

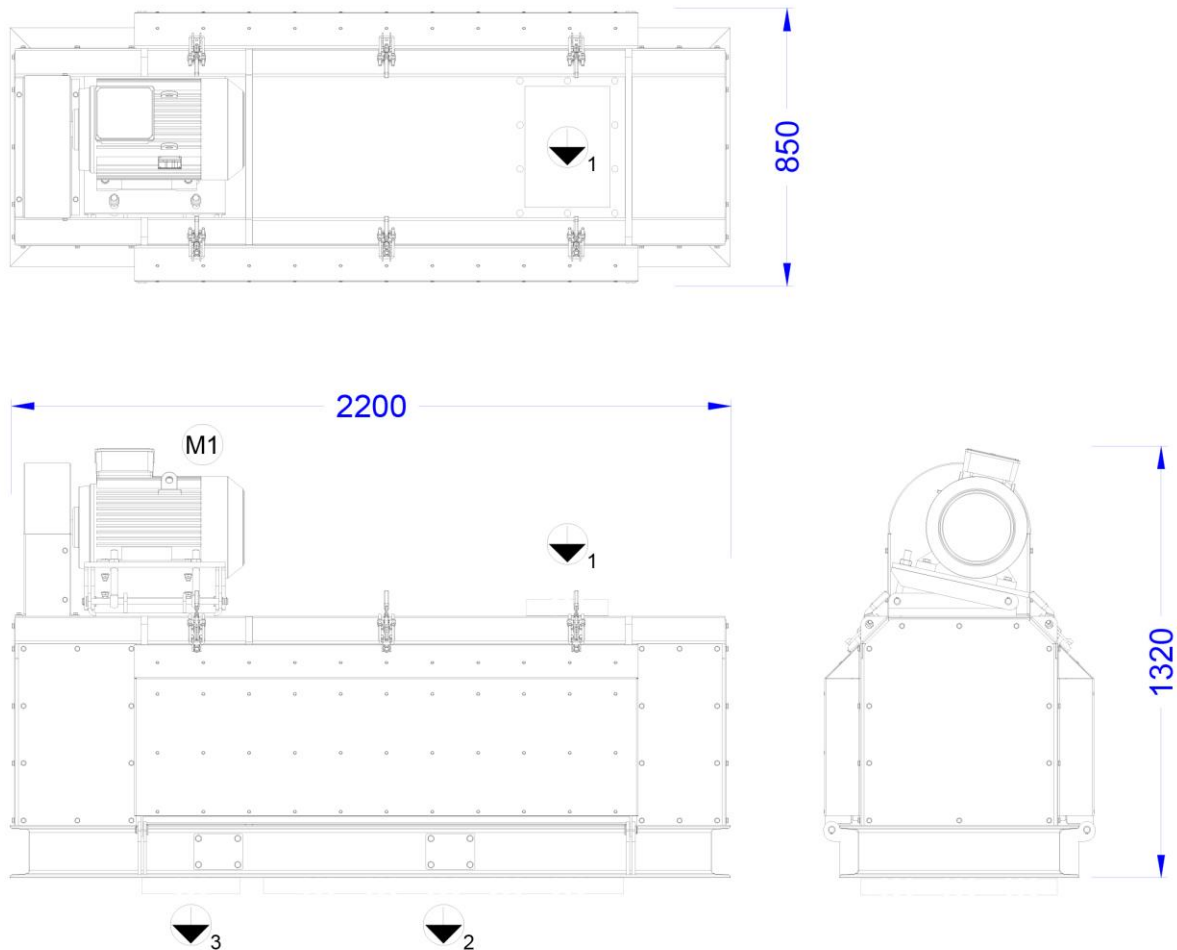

Capacity*: up to 5 m³ per hour
(* depends on material composition)
